Welcome

Dear Friends & Colleagues,

I am delighted to welcome you to our 12th Cairo University Hepatology, Gastroenterology and Endoscopy course. Since our early beginning, we have setup our goals to highlight the latest updates in our rapidly growing and expanding field through inviting top national and international speakers.

We promise a varied program including video sessions, interesting debates, round table discussions and updating lectures. For more satisfaction, our top-edge live coarse and hands-on endoscopy will continue.

Throughout this conference, I ask you to engage, keep proactive and share us the task of keeping updated. My personal respects and thanks go out to all of you.
