HPB Surgery in the Era of
Interventional Radiology

Under Patronage of

Prof. Adel El-Sayed Mobarak
President of Menoufia University

Prof. Ahmed El-Kased
Vice President of Post-Graduate Affairs

Prof. Hesham Abdel-Dayem
Dean of National Liver Institute

Dear Colleagues,

On behalf of the organizing and scientific committees, it is a great pleasure and honor to welcome you to attend the 8th International annual Congress of Hepato-Pancreatico-Biliary, Liver Transplant Surgery, Anesthesia and Intensive care Department, National Liver Institute, Menoufia University, which will be held in **April 15-16, 2020, at Grand Nile Tower, Cairo, Egypt.**

We are witnessing an eager development in surgical techniques in the management of liver, pancreatic & biliary diseases. Therefore, the main theme of this congress will be new challenges in HPB Surgery in the Era of Interventional Radiology in integrated and multidisciplinary way.

The conference aims to provide a latest scientific knowledge of current development, future changes and consensus forum in the field of HPB diseases through state of art lectures, round table discussions, debatable issues and free paper presentation to maximize patient care.

It also includes a pre-congress Hand-on course in Three Dimensional imaging based hepatic transection techniques such as energy guided hepatic transection, ultrasound guided hepatic transection and Laparoscopic hepatic transection techniques with international eminent professors in the field of Hepato-Pancreatico-Biliary surgery.

We look forward to see you in **April 2020** in Cairo for what we expect will be highly knowledgeable meeting.

CONGRESS BOARD

Prof. Ibrahim Abdel-Kader
President of the Congress
Head of HPB Surgery Department

Hazem Zakaria Tarek Ibrahim
Hesham Abdel-Dayem Yasmin Abdel-Salam
Hossam Soliman Yehia Fayed
Hussein Okasha Yousry Taher

INVITED GUEST

Mureo Kasahara
Japan

Osama Gaber
USA

Javed Ahmad
UK

Dieter Broering
Germany

Ho-Seong Han
South Korea

Shinji Uemoto
Japan

Horacio J. Asbun
USA

Ahmed Nassar
UK

Jan Schmidt
Germany

MAIN THEMES ...

Hepato-Pancreatico-Biliary Surgery, Science and Anesthesia

- Molecular biology of HCC.
- Current & recent trends in HCC management.
- Recent trends in pancreatic tumors management.
- Pancreatic minimal invasive surgery
- Pediatric HPB diseases and anesthesia.
- Perioperative management of common HPB problems
- Biliary lithiasis: complication and management.
- HPB trauma: risk factors and management.

Liver Transplantation

- Status of liver transplantation in Egypt.
- Current surgical challenges in liver transplantation.
- Liver transplantation in the era of new antiviral drugs
- Perioperative liver transplantation: anesthesia & ICU management.
- Nursing care for liver transplantation.
- Perioperative nutritional support of liver transplantation.

• **Deadline to Submit Abstract : April 1st, 2020**

• **Deadline for Registration and Accommodation : April 10th, 2020**

• **Abstracts & reservation is available through : www.alfamedical.org**
