## WELCOME ADDRESS

Dear Colleagues,

On behalf of the organizing committee, I would like to invite you to attend the 3<sup>rd</sup> international annual meeting of Hepato-Pancreatico-Biliary, Liver Transplant Surgery, Anaesthesia and Intensive Care Departments, National Liver Institute, Menoufiya University, Egypt that will be held between the 1<sup>st</sup> and 3<sup>rd</sup> April 2015 at Conrad Hotel, Cairo, Egypt.

Preliminary  
Scientific Program

March 29-30, 2015 - National Liver Institute, Shebin El-Kom

## Core Scientific Meeting

April, 1-3, 2015, Conrad International Hotel, Cairo

Post Graduate  
Course

This year, the theme of the conference is:

[New perspective in Hepato-Pancreatico-Biliary, Liver Transplant Surgery and Perioperative Anaesthetic Management to achieve a better outcome]. In preparation for this event, the scientific committee has worked hard put together and to provide a scientific & educational program that builds on the highly successful models for covering diverse aspects of HPB surgery.

The conference aims to provide a platform for sharing the latest scientific new perspective, current developments, future challenges and multidisciplinary effort in HPB disease management.

Also this conference will provide a forum for transplant related specialists to discuss and share the latest recommendation for preventing disease recurrence, and maximizing survival following liver transplantation.

We are all working towards a common goal to improve our patients' outcome; this is the ultimate goal of our conference in 2015, a remarkable time of HPB and liver transplant a time when we can make a difference. Improving perioperative management is increasingly becoming the focus worldwide to demonstrate the benefits of the importance of team work from different subspecialties to make a significant improvement in the patients' care. We invite you to seize the opportunity.

It also includes a pre-congress workshop of Laparoscopic endoscopic CBD exploration with international experts in the field of laparoscopic HPB surgery.

Your active participation will add much value to this conference; we cordially welcome your participation in this magnificent scientific and social event.
